

EXHIBITOR SERVICES

Managing the needs of your exhibitors can be a job in itself. Let AV Solutions take care of the details for you. We understand the needs of the exhibitor and can provide the support needed to deliver superior quality products and extraordinary and efficient service. Should exhibitions take place at multiple venues; our on-site staff has the experience and resources to coordinate seamless operations anywhere.

2007 Asia Oil & Gas Conference and Exhibition
Kuala Lumpur Convention Centre

Consultation.

We work with your exhibitors to find the best solution for them, and can design the full program well in advance of the event. We have the technical capabilities and products to get the job done; and meet budget demands.

Comprehensive Service.

One source for all exhibition requirements, including all technology solutions. A complete range of audio video equipment, computer equipment and intelligent lighting fully installed, designed and operated professionally.
